2 DAYS: AUGUST 11 & 12

Manna's utilizes an amazing support staff of exceptional people.

Dear Studio Families,

Manna's has an incredible summer planned for all attending this year. We will be having theme weeks with a wide variety of activities where fun, focus and social development shine.

We will be starting with a Sports camp Day on Friday, June 13th, Fun in the Sun Week, having a barbecue on Friday, limbo contests, snow cones at the park, and beach ball kickball. Throughout the summer the students will be learning about the power of nature, having Nerf and water gun battles, enjoying cultures and music from around the world, improve our game of chess, taking a bite out of the ocean, going on treasure hunts, learning about drawing and watercoloring, being a part of fun with science, and ending the summer with a party and games. Our amazing support staff have some great arts and crafts projects throughout the summer. Based on the safety and county guidelines we will continue to play at the park and pool twice a week. Making a trip to learn about gardening/landscaping and two local nature hikes with Master Brandt while learning about our unique San Diego inland environment. Let us not forget that everyone will be enjoying their continued growth in their martial arts journey.

We are looking forward to having a great, fun, and educational summer. It has always been a pleasure to watch the growth and development of the students here at Manna's as they experience new exciting phenomena as well as making new friends. We look forward to sharing this upcoming summer with you and your family.

Sincerely,

Janet Manna
