

August 23, 1992

Dear Mr. Manna,

My family would like you and all the instructors to know that your Karate school is a wonderful, inspiring environment to learn, to grow and to mature. We have learned more respect for each other, more understanding and developed better communication between us than in any other endeavor we have participated in. We are extremely grateful for your caring and patient method of teaching and for allowing each one of us to grow at our own pace. We hope to be members of your organization for a lifetime and continue to utilize your teaching skills in every facet of our lives.

Sincerely,

The Darrow Family,
Justin, Dymie, Audrey
